

**Certified to EC
regulation no. 1400/2002
Car Block Exemption.**

As the leading independent European manufacturer of OE brake discs, Brembo hereby certifies that its products are original spares as defined in article 1, sub-section 1 t) or equivalent to the originals as defined in article 1, sub-section 1 u) of EC regulation no. 1400/2002 Car Block Exemption, 31st July 2002.

Brembo Original brake discs are made at the same production units that build the original equipment components and are all certified to automotive standard ISO/TS 16949 Edition 2002, using the same technology, labour, machinery and controls as approved by the various car manufacturers.

Furthermore, all Brembo brake discs are certified by TÜV Süd and approved by the KBA, the German Federal Authority of Road Transport.

The use of Brembo original brake discs is authorised in the maintenance and repair of vehicles, even during the vehicle warranty period, without forfeiting the warranty*.
